

PROJECT NAME: Mill Creek Greenway Trail Project
PROJECT No: 2009-032-28
DATE: September 30, 2009
CLARIFICATION ISSUED BY:
Jim Row, Community Services Director
REPORT NO.: Two (2)

QUESTIONS:

1. Drawing 2/2 describes a 5 year mitigation landscaping maintenance and monitoring requirement. Is the contractor responsible for providing these services?

CLARIFICATION:

1. No. That is a wetland permit requirement that the City will be responsible for. The contractor will be responsible for the traditional one year warranty covering the entire project. In addition, the maintenance bond is only required to cover a one year period.
